U.CONFIDENCIAL ONLY CENTRAL INTELLIGENCE GROUP

had one blast furnace working on 29 May 1947, with a capacity of 5,000 tons of pig iron per month. A second furnace, under construction at that time, was expected to produce an additional 6,000 tons monthly. About 800 workers were employed at the plant, which imports its ore

50X1-HUM

50X1-HUM

- 6. Up to 1950, the 1,000,000 tons of iron ore imported annually are to be handled as follows: via Gdynia and Gdansk, 55C,000 tons; via Szczecin and the Odra River, 30C,000 tons; to be used by Huta Szczecin, 150,000 tons.
- 7. Facilities for transhipment on the Odra River are now limited to 82 barges, 5 self-propelled barges, and 14 tugs. Before World War II, the river fleet included 2,500 barges and 600 tugs. The 1947 plans for transporting 150,000 tons of ore via the Odra were only fulfilled to the extent of 5%.
